

OAKRIDGE PRO 30® SHINGLES

Sophisticated Expression, Enduring Style

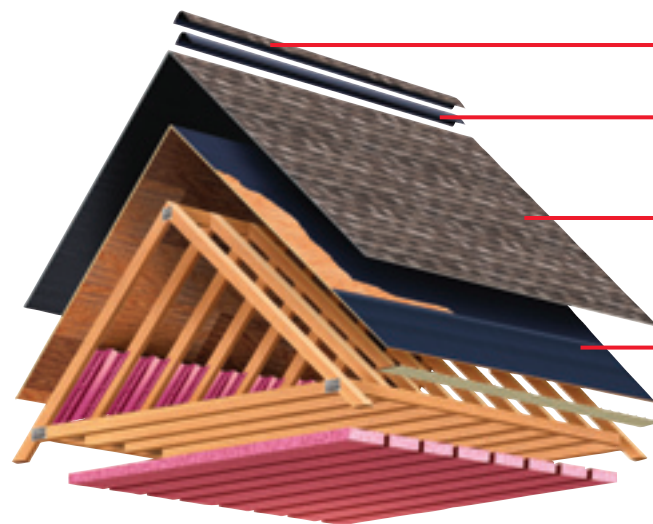

OAKRIDGE PRO 30® SHINGLES

Sophisticated Expression, Enduring Style

PROTECT YOUR HOME FROM THE TOP DOWN WITH OUR COMPLETE ROOFING SYSTEM

Your roof is more than just shingles. It's a complete system that also requires hip & ridge shingles, ventilation, and waterproofing underlayment products. Each of these elements plays an important role in protecting your home, and they work together to ensure the beauty and durability of your roof.

Hip & Ridge Shingles

VentSure® Ventilation Products

Shingles

WeatherLock® Waterproofing Underlayment Products

HIP & RIDGE SHINGLES

Help protect ridge vents from weathering

- Cover your roof's ridge line
- Add extra protection and a more dimensional look
- Are compatible with all Owens Corning shingle products
- Come in several styles (on a regional basis)

VENTSURE® VENTILATION PRODUCTS

Help prevent structural damage

- Fit between the top of your roof and its Hip & Ridge Shingles
- Reduce moisture condensation in winter and excessive heat in summer to help guard against premature aging and deck warping
- Help keep air moving through the attic, balancing outdoor and indoor temperatures

SHINGLES

Provide protection and beauty

- Function best when used as part of a complete roofing system
- Ensure moisture resistance with weathering-grade asphalt coating
- Offer structural durability with a strong Fiberglas® mat core

WEATHERLOCK® WATERPROOFING UNDERLAYMENT PRODUCTS

Resist roof deck damage

- Act as a protective layer between your roof deck and shingles
- Are scientifically engineered to provide a solution to every application need with four uniquely designed waterproofing underlayments

Not Available in Service Areas 7W, 8N, 10, 11, 12, 13, 14 (see map).
Complemented by color matching Hip & Ridge.

COLOR AVAILABILITY MAP

For assistance in identifying your Service Area, ask your contractor or call **1-800-GET-PINK.**

† Owens Corning strives to accurately reproduce photographs of shingles. Due to manufacturing variances, the limitations of the printing process and the variations in natural lighting, actual shingle colors and granule blends may vary from the photo. The pitch of your roof can also impact how a shingle looks on your home. We suggest that you view a roofing display or several shingles to get a better idea of the actual color. To accurately judge your shingle and color choice, we recommend that you view it on an actual roof with a pitch similar to your own roof prior to making your final selection. Color availability subject to change without notice.
